

Give Your Child *A Strong Foundation* in the English Language

A holistic solution that incorporates a popular readers and writers programme with modules on critical life skills, to prepare your child for success in primary school and beyond!

Think N'Ink  7 & 8 Years (P1 & P2)  90 mins  Mountbatten/King Albert Park

Julia Gabriel Centre's Think N'Ink is an original programme for primary students that focuses on key literacy skills, through a text-type approach, with an emphasis on written responses to stories. Early primary students begin working with a variety of text types, enabling them to comprehend how to decode text for ideas, answer comprehension questions confidently, master punctuation and grammar, and analyse, evaluate and interpret both fiction and non-fiction content critically.

SEED Institute is a licensed partner of Julia Gabriel Centre's Think N'Ink programme.

Julia Gabriel

Think N'Ink has truly been a game-changer for Emir. Before enrolling in the programme, he struggled with reading and writing. The programme's emphasis on phonics, vocabulary, and comprehension skills has helped Emir become a more fluent and confident reader.

— Parent of Emir, student of
Julia Gabriel Centre Think N'Ink programme
